- (6) Temporary unavailability of milk. If emergency conditions prevent a sponsor normally having a supply of milk from temporarily obtaining milk deliveries, the State agency may approve the service of breakfasts, lunches or suppers without milk during the emergency period.
- (7) Continuing unavailability of milk. The inability of a sponsor to obtain a supply of milk on a continuing basis shall not bar it from participation in the Program. In such cases, the State agency may approve service of meals without milk, provided that an equivalent amount of canned, whole dry or nonfat dry milk is used in the preparation of the milk components set forth in paragraph (d) of this section. In addition, the State agency may approve the use of nonfat dry milk in meals served to children participating in activities which make the service of fluid milk impracticable, and in locations which are unable to obtain fluid milk. Such authorization shall stipulate that nonfat dry milk be reconstituted at normal dilution and under sanitary conditions consistent with State and local health regulations.
- (8) Additional foods. To improve the nutrition of participating children, additional foods may be served with each meal.
